**Approved
Auto Body**

Choose the Best in Auto Body Repair

If you have been involved in an accident you, the vehicle owner, have the right to decide where to have your repairs performed.

AAA's Approved Auto Body (AABR) facilities are considered among the best in the business. They can properly repair all makes and models, have certified technicians, state of the art facilities and guarantee their

repairs. Most facilities offer a loaner vehicle, by appointment, while your vehicle is being repaired.

AABR facilities are offering members a \$40 certificate towards a renewal of a AAA primary membership for any collision related repairs. See the list below for an AABR facility near you, call 1-800-222-4357 or visit www.AAA.com/carmaintenance.

**Save \$40 on your
AAA Membership renewal**
